Commencement at Dalton.

The commencement exercises of the graduating class of the Dalton High school were held in the Methodist Episcopal church, Wednesday evening, May 10, and were pronounced by all present the best ever held in Dalton.

The church was most beautifully and tastefully decorated with the class colors, red and white, in hanging and flowers. Many beautiful flags, ferns and palms were also used. The citizens of the town vied with each other in helping to furnish all that was needed to add to the attractiveness of the room.

The graduates, Misses Anna Maria Brutzman and Harriet Mae Ketchum, and Messrs. Robert Miles Northup, Charles Herbert Smith, William Joseph Santee, Rollin Landis Charles and Charles Henry von Storch, were ushered to their places on the platform by Messrs. Harry Finn, Albert Smith, Floyd Finn and George Smith, during the time of the playing of a piano duet by Misses Hillis and Santee.

Following the invocation by Rev. P. E. Weltheas, the second honor, William J. Santee, gave a strong and well written "Plea for Political Honesty." Milton Charles next played a piano solo, entitled "Impromptu Polka," by Volleuhaupt, which was most heartily enjoyed.

The next oration was by Charles H. Smith, "Success Means Sacrifice," and Miss Mildred Smith sang "O Teal Us, Merry Birds" in her usual pleasing manner. The "Class History," given by Miss Anna Brutzman, was filled with many amusing events. A piano solo, "Tarentella," by Bassford, was rendered by Miss Adaline Frances Rollin Charles' oration was entitled "The Benefits of an Education. A male quartette, "Soldier's Farewell," was very well rendered by Messrs. Finn, Purdy, Smith and Santee and was encored, after which they sang "The Tack." So much to the amusement of all present.

The last oration was given by the first honor graduate, Robert Northup, and entitled "The End Is Not Yet." Miss Lena Phillips rendered Schubert's "Impromptu." The "Class Prophecy," by Miss Harriet Ketchum, was read from yards of paper and produced miles of smiles. A chorus, entitled "Morning Invitation," was charmingly rendered by a group of High school pupils. Mr. Hall, secretary of the board, presented the diplomas.

JERMYN AND MAYFIELD.

There will be graduating classes at both Jermyrn and Mayfield schools this year. At the latter six and at Jermyrn ten. It is now a number of years since either school turned out a graduate, and this year's class of school will therefore be quite an interesting event. The closing exercises of the Jermyrn schools will be held in Enterprise hall and the committee in charge of the affair are getting an exceedingly good program for the occasion.

J. J. Miller, delegate of Rushbrook lodge, No. 859, I. O. O. F., left today for Allentown to attend the grand lodge convention.

The borough council did not meet in special session on Friday evening, as arranged. But three of the councilmen, Moon, Davis and Nicholson, and the tax collector were on hand, and, after waiting some time without a quorum arriving, they left the council room.

George Williams and Tommy Davies yesterday attended the funeral of the late Robert Bodycomb at Scranton.

Miss Alice Davis has accepted a position at the Emergency hospital at Carbondale.

Mrs. John Rosemorgey, of West Mayfield, is quite sick.

Harvey Van Kleef will leave today to enter Will's hospital, Philadelphia, for the purpose of undergoing an operation of the eyes.

Miss Ollie Blakeslee, of this borough, and her sister, Miss Bertha Kusool, of New York, are visiting in New York.

The Hillside Coal company paid the employees of the Glenwood, Erie and Keystone collieries on Saturday.

Aaron V. Bowers illustrated lecture on "Pompeii" next Friday evening in the Methodist Episcopal church should attract a large number of people.

Rushbrook lodge of Odd Fellows attended morning service in the Methodist Episcopal church yesterday and listened to an impressive sermon by the pastor.

MEMORIES.

I remember, I remember
The books I used to read,
Their all-absorbing interest,
No others can exceed.
No volume was a page too long,
No held a word too much;
Oh, how I miss them today,
Could find another such!

I remember, I remember
The books I used to read;
They were no problem of the sex,
No dark and doubtful creed,
No study of a character,
No lesson of the ages,
No blatant brawl of theories,
On widely-margined page.

I remember, I remember
The books I used to read;
No dead dull verbosity,
Their meaning would impede,
The maid was always beautiful,
Oh, how I miss them today,
And everybody always did
Just as I wished them to.

I remember, I remember
The books I used to read;
No clever fiction of today,
Those lads can supersede,
It's read the moldering if I must,
But pleasure unalloyed,
I find in turning to the books
I long ago enjoyed.

REMARKABLE GROWTH.

Delaware and Hudson Round Houses Too Small.

The lower Delaware and Hudson round house in this city was originally only three-quarters of its present size, and then it was thought to be large enough to answer all purposes for several years. Soon the fourth quarter was added, and now with both round houses full of locomotives on Sunday a score of iron horses stand outside unsheltered.

This is only one of the many signs indicative of the growth of the Delaware and Hudson's interests in this city. Many will recollect the lively conflicts between employees of the Ontario and Western and Delaware and Hudson companies when the former attempted to run its road on the surface in the vicinity of the wire bridge on John street.

The latter hastily constructed a number of obstruction switches and the Ontario and Western was compelled to go through town in the air. Every body said it was real mean in the Delaware and Hudson as it would have no use for those switches during the next half century. A stroll in that part of the railroad yard will convince any one that the Delaware and Hudson was justified in the course it pursued. All the switches are in use, and in addition to those there has since been constructed a good sized yard, where the old mill dam lay full of logs.

COULDN'T AGREE.

Last week a job printer named Cooke, of Susquehanna, was in this city negotiating for a half interest in the News. Mr. Frye, of York, the owner of the paper, was here, but they could not agree on terms and the proposed deal was declared off. Mr. Cooke is thinking of opening a job office here.

IT CAN'T BE DONE.

No One Can Remain Well, No Chronic Disease Can Be Cured Unless the Stomach is First Made Strong and Vigorous.

This is plain because every organ in the body depends on the stomach for its nourishment. Nerve, bone, sinew, blood are made from the food which the stomach converts to our use.

How useless to treat disease with this, that and the other remedy and neglect the most important of all, the stomach.

The earliest symptoms of indigestion are sour risings, bad taste in the mouth, gas in stomach and bowels, palpitation, all-gone feeling, faintness, headaches, constipation; later come loss of flesh, consumption, liver and heart troubles, kidney diseases, nervous prostration, all of which are the indirect result of poor nutrition.

Any person suffering from indigestion should make it a practice to take after each meal one of Stuart's Dyspepsia Tablets, allowing it to dissolve in the mouth and thus mingle with the saliva and enter the stomach in the most natural way. These Tablets are highly recommended by Dr. Jennison because they are composed of the natural digestive acids and fruit essences which assist the stomach in digesting the food before it has time to ferment and sour.

Stuart's Dyspepsia Tablets are sold by druggists, full sized packages at 50 cents. They are also excellent for invalids and children. A book on stomach diseases and thousands of testimonials of genuine cures sent free by addressing F. A. Stuart Co., Marshall, Mich.

OLYPHANT.

Although organized but a few weeks, the board of trade has already succeeded in securing an industry in the shape of a shoe factory. A representative of the Clapton Shoe company, of Easton, was in attendance at a meeting of the board held recently and stated that they were desirous of locating in Olyphant. The factory will employ at the beginning about 100 hands, seventy-five per cent. of which will be male help. In the course of a few months the number of hands may be increased to 300. The exact location of the factory is not known, but an option has been made for the purchase of the Campbell building. At that meeting the board appointed a committee to go to Easton to investigate the standing of the concern. They reported everything satisfactory, and a company of local capitalists was formed. The amount of stock already subscribed is \$14,000. Among the stockholders are the follow-
